COMPANY Overview

Christy founded Christy Webber Landscapes in 1988 with a goal of providing exceptional residential landscape maintenance services. Through the years we have expanded our service offerings to also include design, construction, soft restoration, seasonal rotations, snow removal, regional contract management, edible landscaping, and educational programing for our clients.

We maintain the landscape on over 400 single family homes in Chicago, as well as provide landscaping services on some of the city’s iconic properties, such as the Museum Campus, Millennium Park, Water Tower, and Soldier Field. We service single family residential, multi- family residential and HOA properties, municipal contracts, commercial, and commercial industrial clients on over 10 million square feet of green space annually.

We are an equal opportunity employer and have a very diverse team. Today, Christy employs over 500 employees that emphasize quality work and customer service with clients throughout Chicagoland.

Christy Webber developed Rancho Verde, a 12.5 acre eco-industrial park on Chicago’s west side. Appropriately named Rancho Verde, it has won numerous awards for its innovative, environmentally sensitive approach to the redevelopment of a brownfield site. The headquarters building is certified LEED Platinum, the highest classification granted by the US Green Building Council for Leadership in Energy and Environmental Design.

In all facets of the business, Christy Webber & Company teams strive to exceed expectations as they lead in the Midwest and Chicagoland landscape marketplace.

Christy Webber & Co. Business Entities:

Christy Webber Landscapes is a full-service landscape provider offering design, construction, maintenance & regional maintenance programs to residential, commercial & municipal clients.

RR Landscape Supply is a full-service wholesale landscape materials supply company.

Christy Webber Farm & Garden, a retail garden center offering a broad and unique selection of indoor and outdoor plants, pottery, gifts and urban agriculture supplies.

LANDSCAPE Design

With extensive design expertise, Christy Webber Landscapes will create an outdoor environment that encourages maximum use and unparalleled beauty. Having generated thousands of custom high quality plans for residential, municipal and commercial clients, Christy Webber Landscapes takes pride in exceeding expectations. A design process that commences with a stakeholder consultation and a site evaluation, results in a landscape architect or designer generating options that can be advanced into custom plans for each site. Christy Webber Landscapes has won numerous awards from peers, industry publications and developers.

CONSTRUCTION Build

Our skilled construction team brings landscape designs to life, with an emphasis on safety and meeting deadlines. Christy Webber Landscapes' commercial landscape construction team has been honored to install many of Chicago's landmark outdoor spaces, including the city's most ambitious project in decades, Millennium Park.

Large-scale landscape installations involve careful coordination of crews, materials and schedules, and the Christy Webber Landscapes' team thrives on this complexity and challenge. Our construction department is a proven leading expert in landscape construction having installed over 1.7 million square feet of green roofs in Chicago, restores more than 2 million square feet of turf annually. With expertise in all forms of hardscape, drainage, municipal codes, landscape and green roof systems, including extensive and intensive green roofs, the landscape construction team is prepared to meet and exceed expectations

MAINTENANCE & Enhancements

MAINTENANCE

Christy Webber Landscapes mows and maintains over 100 million square feet of turf annually. Ensuring investments in outdoor environments thrive; Christy Webber Landscapes develops and executes a plan to optimize service and budget beyond industry standard landscape practices.

ENHANCEMENTS

The Christy Webber Landscapes Enhancements Department offers a wide range of services designed to your specific property's needs. Enhancements can provide solutions from bedding displays of annuals to expertly designed containers, from bulb designs to detailed seasonal displays.

SNOW REMOVAL

Christy Webber Landscapes manages and self performs 5 million square feet of snow removal for commercial, industrial, and municipal clients annually. Featuring a fully customized plan with a proactive approach to dispatching, weather monitoring, and reporting, Christy Webber Landscapes can manage multi-sites for clients for uniformity of service.

REGIONAL MAINTENANCE

Christy Webber Landscapes' award winning maintenance team has taken its expertise and savvy management beyond Chicago's city limits by regionally managing many companies' multi-site landscaping needs. Christy Webber Landscapes manages 1,000 plus sites in landscape maintenance and snow removal.

COMPANY Stats-At-A-Glance

RANCHO VERDE

Christy Webber Landscape headquarters is located at Rancho Verde, a 12.5 acre eco-industrial park developed by key staff members of Christy Webber Landscapes on Chicago's west side. The headquarters building was the first building in Chicago to certified LEED Platinum as a new construction and is an award winning redevelopment of a brownfield site.

TECHNOLOGY

Leading the landscaping industry in technology, Christy Webber Landscapes boasts an efficient, streamlined, user friendly repertoire among its staff and clients. All time and attendance are captured electronically on site, via mobile devices. We utilize an operating system that acts as a central hub for all estimates, change orders, job schedules, purchases, calendars and company documents. We offer a customizable web portal to engage clients with service requests, progress reports, and schedule updates. We work closely with subcontractors on reporting real time services provided to ensure expedited and accurate invoicing.
